S.N.1

Letter No. 5460-A-27, dated the 2nd November, 1928 from the Collector and District Magistrate, Civil and Military Station, Bangalore.

---

In the Foreign and Political Department's telegram

S.N.116-139/411-99 No. 296-Est, dated the 28th January, 1922, the Government of India sanctioned the acquisition of site of land No. 19, Residen Road at a cost not exceeding Rs. 21,000/- for the extensio of Public Offices ~~Buildings~~. A portion of the site was used for the construction of quarters for Fire Engine Drivers etc ~~Station~~ and ----- another portion for the construction of an Excise Warehous and the third portion still remains vacant. In August , 1926, sanction was accorded to the construction of a new

S.N.15/114-1926 latrine on the third site referred to above at a cost not exceeding Rs. 1,714/-. There still remains vacant land fo the extension of Public office buildings.

S.N.1 The Collector and District Magistrate, for the ----- reasons stated in his letter, has now forwarded rough plan and an estimate for providing stone ware pipe with flushin arrangements to Public office latrine on Residency Road at a cost of Rs. 6,532/-. In addition to the above, the Govern- ment, ~~should~~ are required to bear monthly the recurring charges for pumpin water from the Municipal well. The Municipal office ha no separate latrine. As their staff use the Government latrine and as the scheme is an expensive one, the Collec considers

RW. 2/11/31

considers that a portion of the cost should be borne by the Municipal Commission.

It appears that the nuisance complained of can be avoided if the Municipality have a separate latrine for their employees and the general public and that the Government latrine is cleaned twice or thrice a day. It is not desirable to construct a big latrine on the site reserved for the extension of public office ------ buildings.

The Collector and District Magistrate may perhaps be informed that the Hon'ble the Resident is not prepared to sanction the proposal and that the Municipal Commissio may be asked to construct a separate latrine for their employees and the general public on municipal land. He may also be asked to make proper arrangements to have the Government ----- latrine cleaned twice or thrice a day.

As regards funds, a circular has been sent to all officers in the Station to surrender savings in the current year's budget estimates by the 20th November, 1928. Until their replies are received it is not possible to say whether funds will be available for reappropriation.

For orders please.

S.N.3

Issued No. 10592 dated the 26th November 1928

Endorsement Ref. No. 5460-A-27, dated the 22nd December, 1928. from the Collector and District ------ Magistrate, Civil and Military Station, Bangalore.

---

The history of the case is given in paragraphs 1 and 2 of the office notes. The President, Municipal Commission, states that the Municipality are going to construct a latrine for their staff on the water borne system and the pipe sewer from their latrine will be connected with the sewer proposed to be constructed from the Public Offices' latrine to the main sewer. He ---- further states that if the Resident approves of the

sal

proposal, he will ask the Commission for their sanction to pay a moiety of the cost of the work.

The rough estimate submitted by Mr. Murphy --- amounts to Rs. 6,532/-. If a moiety is debited to the Municipal Commission, the cost to Government will be Rs. 3,266/-. A sum of Rs. 1,714/- was already spent on the construction of the latrine in 1926. In additio to the above non-recurring charge, the Government should bear a portion of the recurring charges for the supply of unfiltered water.

S. No. 15
114-1926

No provision has been made for the purpose ---- either in the current year or in the next year's budget estimates. If it is intended to sanction the proposal, enquiries will be made as to whether any further savings are anticipated in the current year's Assigned Tract budget estimates.

Submitted for orders as to whether the proposal may be approved. Administrative approval and expenditure sanction may be given after ascertaining the views of the Commission in the matter and after making ----- necessary provision for the purpose.

(From para 11)

---

Attention is invited to the office notes in paragraphs 1,2, 15 and 16. The estimate submitted by the Collector amounts to Rs. 5,543/- of which the amount recoverable from the Commission has not been stated. It will ------ probably amount to Rs. 2588/- and the Government should bear the balance of Rs. 2955/-. A sum of Rs. 962/- has been reserved for the purpose under "Account IV-Other Expenditure Heads-I-Agriculture-I.2-Other charges". The balance of Rs. 1993/- should be met by reappropriation. It is too early to suggest any reappropriation by office. The Collector and District Magistrate may perhaps be asked whether he can suggest any reappropriation. Draft submitted for approval.

Office of the District Magistrate,
Civil and Military Station, Bangalore.

*Dated* 2nd November 1928.

FROM

G. H. Cooke, Esquire, M.C., I.C.S.,

COLLECTOR & DISTRICT MAGISTRATE, CIVIL AND MILITARY STATION,

BANGALORE,

To The Secretary to the Resident
in Mysore, Bangalore.

SIR,

Latrine on site No. 19, Residency Road - Improvement to - Administrative sanction etc. - Requested.

---

S. 86. 15
114-26

I invite a reference to Major Evans Gordon's letter No. 7113/114-1926 dated 18-8-1926 to the Garrison Engineer according administrative sanction to the construction of a new latrine on site No. 19, Residency Road at a cost not exceeding Rs. 1,714/-. Prior to the construction of this, the public office latrine was located at the South West corner of No. 19, Residency Road, where the present Fire Engine Station and quarters for the lascars of the Fire Engine are situated. As this was far away from the Residency Road and Public Offices, the present latrine was constructed for the convenience of the officials. As urinals and latrine are now in one block, the urinals were misused, and consequently clerks and the public used the compound of No. 19, Residency Road as a urinal. As this was objectionable, Mr. Russell issued on 22-10-1927 a notice to all the offices, copy enclosed, but this did not improve matters, as the public misused the urinals out of office hours, making them so filthy that the clerks were unable to use them. In this connection Mr.

Russell

Russell received an U. O. note No. 1560/G dated 21-11-1927 from Mr. Dawson of which I enclose a copy. On receipt of this he asked the Executive Engineer and Health Officer on 2-12-1927 to send joint proposals to improve the existing latrine and to put a stop to the nuisance complained of. These proposals have now been received and I enclose in original the Executive Engineer's U. O. note* No. R.93/1 dated 12-10-1928 with its enclosures* . I also enclose a copy of Mr. Russell's note dated 16-10-1928 on the scheme and request you to obtain the administrative sanction of the Resident to it. The Executive Engineer, was unable to send in his proposals in time to enable me to include the work in the Civil Works budget for 1929-30. For the reasons stated above, I consider that the work should be undertaken as early as possible. I request you, therefore, kindly to state whether funds can be found for this in the Current year by re-appropriation of savings under other heads. On receipt of your reply, I will ask the Executive Engineer to prepare estimates and plans for submission to the Resident.

* Return requested

2. The Municipal offices have no separate latrine. As their staff use the Government latrine and as the scheme is an expensive one, I consider that a portion of the cost should be borne by the Municipal Commission. If you agree, I will address the Municipal Commission on the subject.

I have the honour to be,
Sir,
Your most obedient servant,

Improvements to latrine on site No.19, Residency Road.

Sir,

In reply to your letter No.5460-A- dated the 2nd November, 1928, I am direc to enquire whether the nuisance complain of could not be avoided, by the Municipa Commission constructing a separate latrine for their employees and the general public, and by making arrangements for cleaning the Government latrine twice or thrice a day. It is scarcely desirable to construct a big latrine on the site reserved for the extension of public office buildings.

2. The enclosures received with your letter are returned.

I have, etc.,

Secretary to the Resident.

T.N.T.

Letter No.R/93-3 dated 21st December 1928, from the President, Municipal Commission, Civil & Military Station, Bangalore, to the Collector, Civil & Military Station, Bangalore.

---

SUBJECT:- Public Office latrine - Improvements to.

--

With reference to your No.5460-A-27 dated the 27th November 1928, I have the honour to state that the Municipality are going to construct a latrine for their staff on the Water-borne system and the pipe sewer from their latrine will be connected with the sewer proposed to be constructed from the Public Office latrine to the main sewer and connection to both the latrines will be taken from the unfiltered pipe line from the well in the workshop compound on Magrath road. I am therefore of opinion that the Municipality should bear a moiety of the cost of the work. If the Resident approves of the proposal, I shall ask the Commission for their sanction to pay a moiety of the cost of the work.

With reference to the remarks in the last sentence of the Secretary to the Resident's letter dated the 26th November 1928, I should like to point out that the proposal is for converting the existing latrine into the Water-borne system and not for a big latrine to be newly constructed.

---:0:---

Ref.No.5460-A-27 Enc:8.

Copy forwarded to the Secretary to the Resident in Mysore, Bangalore, with reference to his No.10892/204 D - 1928 dated 26-11-28. For the reasons given in my No.5460-A-27 dated 2-11-28 and as the President, Municipal Commission, is of opinion that the Municipality should bear a moiety of the cost of the work, I consider that the proposed improvements to the existing latrine are desirable and request that the administrative sanction of the Resident may be obtained to the scheme.

I forward herewith the enclosures returned with his letter.
